Aviation Ground Fuelling Solutions

Fuelling products Hydrant Pit Lid WL-4865

Limited Special Offer

A one-time order limit of 3 pieces of WL4865 per customer is in effect – this offer is valid until 30.09.2024.

AMEC-EUROPE LTD. has engineered the 18" WL4865 Hydrant Pit Lid in accordance with El1540 6th Edition and EN124 (1&3): Load Class F900, ensuring a single test load capacity of up to 100 tons for 30 seconds.

Featuring removable feet, these lids serve to safeguard the Aviation Hydrant Lid, and the wear marks indicate when an exchange is necessary.

Retrofitting installed Pit Boxes, made by Warner Lewis (Parker Velcon), with our 18" WL4865 Hydrant Pit Lid, including certification and insurance, ensures the protection of your investment.

The test results for the 18" WL4865 Hydrant Pit Lids have been certified by independent inspectors, ensuring their consistently high quality through quality monitoring in compliance with the EN 124 standard.

Technical Data Summary		•	
Standard:	onforms to EN 124-(1&3) Load Class F900,		
	guaranteeing a single test load capacity of up to 100		
	tons for 30 seconds.	•	
	Watch our <u>Video</u> .
